

Short Curriculum vitae

Thomas Maris son of George Maris was born in Heraklion Crete, Greece in 1963. He has got a B.Sc in Physics (University of Crete, GR) in 1985, an M.Sc in Medical Physics (University of Surrey, UK) in 1986 and a Ph.D in Medicine (University of Athens, GR) in 1997. He has worked as a Medical Physicist (a) at the Areteion University Hospital, Athens (1988-1998) and (b) at the University Hospital of Heraklion, Heraklion (1998-2003). Since 2013, he is an Assistant (2003) and Associate (2015) Professor of Medical Physics at the Medical School of the University of Crete. He is the author of 95 Medline peer reviewed publications (1657 non self-citations, h-index: 23, mean impact factor: 2.96) and 208 announcements in national (59) international (149) conferences/congresses. He has been given 40 invited lectures in Greece and Europe. He has been actively involved in 5 funded research projects (2 as a basic researcher and 3 as a project leader) with a total budget of 319.000 Euro. His research is focused on qMRI techniques applied in the areas of basic research (MRI polymer gel dosimetry), and MRI clinical research (abdominal MRI, musculoskeletal MRI, MRI neuroimaging, MRI-hemosiderosis, MRI-osteoporosis). He is a national representative in the European Federation of Medical Physicists (EFOMP) and a member of the European Society of Radiology (ESR).
